ICS 207 Gold King Mine Release 8-9-2015V1.pdf

Craig,

There was a bit of confusion about the chart you requested and I was waiting for clarification. If you needed this for the public meeting tonight then this is obviously not going to do you any good now. I apologize if that was the case.

A few questions:

1. Did you want the names of the positions filled in?
2. I was unsure what LPC u/c was and did not get an answer from anyone as I was headed out the door. I will add if provided the info.
3. I left Environmental Unit instead of data under Sit Unit as I thought that was the plan.

I am headed to Durango tomorrow afternoon. If you need changes before then I will hopefully have some time before a medical appointment and my flight. A few tweaking of lines still needed too.
